According to the U.S. Department of Energy, the average U.S. home has a ½ mile of gaps and cracks. And, air leaks account for 25-40% of the energy used for heating and cooling a typical home. All those openings are like tunnels for heat and conditioned air to leak out and unwanted air to sneak in, resulting in higher utility bills for your customers and a home that is drafty with temperature swings from room to room.

Close the Gap
Fill the gaps ... and crack down on energy loss with GREAT STUFF PRO™ Gaps & Cracks Insulating Foam Sealant.

By air sealing homes with GREAT STUFF PRO™ Gaps & Cracks, you’ll be providing a valuable service for your customers, helping to seal out energy loss, lower energy bills and provide a more comfortable home.

GREAT STUFF PRO™ Gaps & Cracks is a gun-applied, expanding spray foam sealant for use all around the home. It is also recognized as a fireblock sealant.

Features and Benefits at a Glance

• Ideal for gaps and penetrations up to 3" (75 mm)
• Recognized as a fireblock sealant**. It’s Orange colored for easy recognition.
• Expands to form airtight and water-resistant seal
• Bonds to wood, metal, masonry, glass and most plastics
• Repels and deflects water
• Quick cure time (tack-free in 3-10 minutes, trims in 60 minutes)***
• Cost-effective: 24 oz (680 g) can equivalent up to 22 quart tubes of caulk; 30 oz (850 g) can up to 33 quart tubes of caulk
• Easy clean-up with GREAT STUFF PRO™ Gun Cleaner

**Trademark of The Dow Chemical Company (“Dow”) or an affiliated company of Dow

Because use conditions and applicable laws may differ from one location to another and may change with time, Customer is responsible for determining whether products and the information in this document are appropriate for Customer’s use and for ensuring that Customer’s workplace and disposal practices are in compliance with applicable laws and other government enactments. The product shown in this literature may not be available for sale and/or available in all geographies where Dow is represented. The claims made may not have been approved for use in all countries. Dow assumes no obligation or liability for the information in this document. References to “Dow” or the “Company” mean the Dow legal entity selling the products to Customer unless otherwise expressly noted. NO WARRANTIES ARE GIVEN; ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED. Dow Polyurethane Foam Insulation and Sealants CALIFORNIA PROPOSITION 65 WARNING: The Proposition 65 WARNING applies only to California. Dow Polyurethane Foam Insulation and Sealants products may contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm. This warning applies to all Dow Polyurethane Foam Insulation and Sealants products. Dow Polyurethane Foam Insulation and Sealants products may contain isocyanate and a flammable blowing agent. Read all instructions and (M)SDS, carefully before use. Avoid contact with skin, eyes or clothing. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure. Not to be used for filling closed cavities or voids such as behind walls and under tub surrounds; this improper use of the product could result in accumulation of flammable vapors and/or uncured material. Failure to follow the warnings and instructions provided with the product, and/or all applicable rules and regulations, can result in injury or death.

GREAT STUFF PRO™ Gun Cleaner is flammable and contains acetone and propane. Read all instructions and (M)SDS, carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear long sleeves, gloves, and safety glasses or goggles. Not for use in aviation, or food/beverage contact, or as structural support in marine applications. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure.

Building and/or construction practices unrelated to building materials could greatly affect moisture and the potential for mold formation. No material supplier including Dow can give assurance that mold will not develop in any specific system.
